Sir:

Pursuant to the provisions of 37 CFR § 1.56 and §1.97-§1.98, Applicants hereby submit information listed on the enclosed Substitute Form 1449A/PTO of which they are aware, which they believe may be material to the examination of this application and in respect of which there may be a duty to disclose. This IDS is being filed before the receipt of a first Office Action following the Request for Continued Examination that was mailed on August 2, 2007.

All 10 items of information are Notices of Allowance from related U.S. patent applications that have been published. As all of these items are from published patent applications, Applicants believe that no copies of any documents are required to accompany this IDS. 37 CFR § 1.98.

Applicants are bringing these Notices of Allowance to the attention of the Examiner pursuant to McKesson Information Solutions v. Bridge Medical, case 2006-1517 (Fed. Cir. 2007), which was recently decided by the Court of Appeals of the Federal Circuit.

While the information disclosed in this Information Disclosure Statement may be "material" pursuant to 37 CFR § 1.56, submission of this IDS is not intended to constitute an admission that any information referred to herein is "prior art" for this invention unless specifically designated as such.

In accordance with 37 CFR § 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR § 1.56(a) exists. It is submitted that this Information Disclosure Statement complies with 37 CFR § 1.98 and MPEP § 609, and the Examiner is respectfully requested to consider the listed information.

Applicants believe that no fee is due, because a first Office Action has not yet issued following the filing of the recent RCE. However, should a fee be due, the Commissioner is hereby authorized to charge our Deposit Account No. 19-3140. This sheet is being submitted in duplicate.

Respectfully submitted,
